IMPORTANT INFORMATION

Past returns are not indicative of future results. Portfolio risk and return results reflect a constant weight to the current holdings listed above. Actual results may be different than what is presented.

The portfolio holdings, characteristics, and allocations are for illustrative purposes only and are subject to change and can vary for individual accounts. Carefully consider the investment objectives, risk factors, charges and expenses of funds within the models and portfolios before investing. This and other information can be found in the funds' prospectuses or, if available, the summary prospectuses which may be obtained by visiting each fund company's website, contacting your financial professional, or by visiting www.sec.gov/edgar/search

The performance data presented reflects the net of fee returns of each strategy and net of an annual advisory fee of 1.25%. Additional fees, such as transaction costs are not included in the presented results and would lower the total return to an investor once applied. Inherent in any investment is the potential for loss. Past performance results are not necessarily indicative of future performance results. All specific securities mentioned in this presentation are shown for illustrative purposes only. There is no guarantee that such securities will be used in the management of your portfolio as market conditions, prices or expectations of the manager may change at any time without notice. This presentation is not meant as a general guide to investing, nor as a source of any specific investment recommendations. This presentation makes no implied nor express recommendations concerning the manner in which any client's accounts should or would be handled. The actual characteristics with respect to any particular client account will vary based on a number of factors including but not limited to: (1) the size of the account; (2) applicable investment restrictions in place, if any, and; (3) market exigencies at the time of investment. It should not be assumed that any of the securities transactions or holdings discussed were or will prove to be profitable, or that the investment recommendations or decisions we make in the future will be profitable or will equal the investment performance of the securities discussed herein. The investments and services to which portions of this presentation relates are only available to persons with a categorization as a qualified client, as defined under Rule 205- 3 of the Investment Adviser Act of 1940, and other persons should not act or rely on it. Investing involves risk, including possible loss of principal. Asset allocation and diversification may not protect against market risk, loss of principal or volatility of returns.

This communication does not constitute investment advice and is for informational purposes only, is not intended to meet the objectives or suitability requirements of any specific individual or account, and does not provide a guarantee that the investment objective of any model will be met. An investor should assess his/her own investment needs based on his/her own financial circumstances and investment objectives. Neither the information nor any opinions expressed herein should be construed as a solicitation or a recommendation by Bison or its affiliates to buy or sell any securities or investments or hire any specific manager. Bison prepared this Update utilizing information from a variety of sources that it believes to be reliable. It is important to remember that there are risks inherent in any investment and that there is no assurance that any investment, asset class, style or index will provide positive performance over time. Diversification and strategic asset allocation do not guarantee a profit or protect against a loss in a declining markets. Past performance is not a guarantee of future results. All investments are subject to risk, including the loss of principal.

When appropriate and in accordance with the Investment Plan for a client, Bison may recommend the use of one or more Affiliated Managers, each a "Manager". Having access to various Managers offers a wide variety of manager styles and offers clients the opportunity to utilize more than one Manager if necessary, to meet the needs and investment objectives of the client. Bison will usually select or recommend the Manager(s) it deems most appropriate for the client. Bison may recommend a strategy that is managed internally by Bison's investment team or by an affiliated manager. This may create a conflict of interest as such an allocation would create additional fees for Bison or the affiliate. Bison mitigates this potential conflict by ensuring all investments are appropriate in contributing to meet a client's objectives. Factors that Bison considers in recommending/selecting Managers generally includes the client's stated investment objective(s), management style, performance, risk level, reputation, financial strength, reporting, pricing, and research.
